**The Most Important  
Things to our Business:  
Our Customers, Our  
People & Our Reputation**

## ABOUT US

The Wulguru Group is a privately owned Australian steel fabrication company. Our core business is providing innovative engineering solutions. With unrivalled technology, capacity and infrastructure Wulguru Steel has become one of the largest steel fabrication companies in Northern Australia.

Archimedes Engineering forms part of the Wulguru Group and is a specialist manufacturer and supplier of screw conveyors, bucket elevators and material handling equipment and systems.

Established in 1976, the Wulguru Group has a long and successful history of servicing the mining industry within Australia and overseas. Staff with extensive years of industry experience are the key to the company's success.

We offer a complete range of services with our three workshop locations, control of all stages from design, fabrication, installation and transport. The Wulguru Group prides itself on exceptional customer service and is committed to its promise to deliver, quality, on site, on time.

## MINING & MINERAL PROCESSING

**Wulguru Steel is a major supplier of equipment and services to the mining & mineral processing industries.**

---

We have built our reputation on providing quality workmanship and place huge importance on getting the job done and delivered to site to reduce costly downtime on shut downs. We have developed long term relationships with clients such as BHP, Xstrata, Incitec Pivot, BMA Coal, Kagara Zinc and Rio Tinto.

We are highly experienced in mining and mineral processing applications and their associated infrastructure requirements and our work with clients often involves 'thinking outside the box' which has achieved some outstanding results.

# SKILLED LABOUR HIRE

With a team of experienced tradesmen, we can offer a comprehensive 'on site' service backed up by our workshop facilities.

Wulguru Steel has an extensive pool of carefully screened personnel available to you at short notice. Our workers are available to suit your needs for shut downs, weekdays, after hours and weekends.

We have the ability to supplement our workshop with

site staff which ensures that we supply only the most highly trained and competent staff.

Trades available include:

- Boilermakers
- Coded Pipe Welders
- Fitters
- Riggers
- Crane Operators
- General support labour

Staff have a wide range of inductions and tickets (General Mine Inductions, Working at Heights, Confined Space, range of machinery such as EWP, Crane, Forklift, etc).
